Dear Parents/Carers

We have received our final copy of the OFSTED report, which is being sent to all parents/carers in paper form or email if you are signed up for parentmail. The report is also available to download on our website in the news section. Please contact the office if you have any problems accessing a copy of the report.

The children also have a letter, which gives a 'child-speak' version of the report. The teachers have read this to the pupils and all have a copy to take home.

We are very pleased with the outcomes of the report, which confirms that our school is making rapid progress and is on track to make further improvements. In our own self evaluation we judged ourselves to be satisfactory, because although we have many good features in place, they are still relatively new and not yet embedded or consistent across the whole school. OFSTED agreed with this view.

There are many positive comments that reflect what we have been trying to achieve over the last 4 terms. The three areas for development identified by OFSTED already feature in our school development plan. They acknowledge that our priorities are clearly focussed on raising standards.

The Early Years Foundation Stage was judged to be good reflecting the good progress made by children in the reception classes. There were also positive comments around changes to the curriculum, the work on healthy schools and also behaviour.

In teaching and learning OFSTED found effective practice, high expectations and good support from teaching assistants. They recognised some of the high quality practice developing in marking and feedback to pupils. However, we need to ensure that these are all consistent across the school, a key message from the report.

The report acknowledges the good start we have made and provides us with the firm foundations in which to move to the next stage of development. We would like to thank everybody for their support and wish you a Merry Christmas. We look forward to continuing the work in the New Year.

Yours sincerely

Mr M Kelsey
Headteacher

Mrs T Upton
Chair of Governors
