

New Website Launched

The screenshot shows the homepage of the Warboys Community Primary School website. The header is green with the school logo and name. Below the header is a navigation menu with tabs for Home, Contact Us, Information, Teaching & Learning, News, School Diary, Governors, PTA, and More. The main content area is divided into several sections: a Welcome message from the Headteacher, a Features section with a 'New Website Launched' announcement, a Latest News section, a Quick Links section with buttons for Contact Us, Information, Teaching & Learning, Visits, Governors, and PTA, and a Diary section. Callout boxes point to various elements: 'Navigate around the site using the tabs' points to the navigation menu; 'New features are linked here' points to the 'Teaching & Learning' button; 'Quick links to other areas of the website' points to the 'Information' button; 'Latest news updates linked here' points to the 'Latest News' section; and 'Access the school calendar' points to the 'Diary' section.

The new website has been created using the Cambridgeshire Digital Brain platform. It is easy to use which means that several people can keep updating it on a regular basis - the most important factor in any school website. The site is still in the early stages of development but we already have some great ideas for how we can make best use of the web space. Below you will see a summary of what is already online and what is planned for the future. Please let us know what you think. You may have an idea we haven't thought of. You can email us your thoughts through the feedback page on the website.

Available now/soon...

- Information section including school prospectus and day to day information
- Teaching & Learning area including policy and provision details, subject areas and information on what your child is covering this year.
- Diary section including term dates and calendar
- News section including the latest news and where we will post newsletters
- Community section including links to other sites
- Governors area
- PTA area for details of events
- Educational visits area

Future plans include...

- Pupil/class areas
- Kidzone area for pupils and links to good sites and STARZ
- Improved subject area
